

New for the 2010-2011 School Year!!

WASHINGTON, DC

- A. The **NEWSEUM** offers DeBolt groups a Private, Personal session with an actual FBI Field Agent.
- B. The **MUSEUM of CRIME and PUNISHMENT** and the **INTERNATIONAL SPY MUSEUM** have extended hours in the evenings. This helps replace the time that was previously spent at the now-closed **ESPN Zone**.
- C. Another evening activity that is becoming increasingly popular is the **STUDENT DJ MOONLIGHT BUFFET CRUISE** on the **POTOMAC RIVER**.
- D. The **WASHINGTON WIZARDS** offer a chance to catch an actual NBA Game. This is especially good news for Celtics or Knicks fans who can never get group seats at home. And with enough notice, we can arrange for some members of your group to join the Wizards on their bench during warm-ups!
- E. **THURGOOD MARSHALL BWI AIRPORT** – Of course the airport isn't new, BUT we are finding lower airfares into Baltimore than into Washington. And **MARC** offers fast, direct, traffic-free, and inexpensive rail connections from the Airport directly into the heart of Downtown Washington.

NEW YORK CITY

- F. The **INTREPID SEA, AIR, AND SPACE MUSEUM** is back after a multi-year renovation.
- G. **GROUND ZERO** offers views of the construction of the 1,776 foot high Freedom Tower as well as the incredibly moving audio tour and the inspiring visit to the Tribute Center.
- H. We have established a **WALKING TOUR** with a **LOCAL GUIDE** as a link between Ground Zero and the South Street Seaport. This route takes us through the middle of Wall Street (with an opportunity for photos with the "bull" statue) and passes both the historic Trinity Church and Fraunces Tavern.
- I. Parochial schools may be interested in visiting the **SHRINE of MOTHER CAPRINI** and learning of her inspiring story and deeds.

WALT DISNEY WORLD/UNIVERSAL ISLANDS OF ADVENTURE

- J. "Muggles" can now enter the **WIZARDING WORLD of HARRY POTTER** at Universal Islands of Adventure. Soar over Hogwarts with Harry, get swept into a Quidditch match, or share a pint of Butterbeer. Therefore, we recommend including at least one day at Universal when you come to Central Florida to visit Walt Disney World.
- K. With Easter running late this year, Walt Disney World's **GRAD NIGHT** will take place the last weekend in April and the first weekend in May.

BOSTON and NEW ENGLAND

- L. **President John Adams** has been added to our roster of distinguished historic figures who can give a personalized tour of the Boston area. He joins Paul Revere, Dr. Joseph Warren, and even British General Thomas Gage.
- M. We have found two great substitutions for a **CRANBERRY EXPERIENCE** in the wake of the closing of Cranberry World in Plymouth.

CHICAGO

- N. We have an ingenious solution to the challenge of balancing the **great hotel rates of suburban Chicagoland** with the congestion on the Freeways going into the Loop during morning rush hour. You now can take the commuter train into Downtown, enjoy the train ride and avoid the traffic, and walk directly to the Willis (Sears) Tower. By the time your group arrives back on the ground, your motorcoach has arrived and is ready to take you to your next attraction.

GETTYSBURG

- O. The completion of the new **VISITOR'S CENTER** and the unveiling of the restored **CYCLORAMA** make the events of July 1-3, 1863 easier to understand and interpret than ever before.
- P. Groups are beginning to discover the **NATIONAL CIVIL WAR MUSEUM** in Harrisburg. It prides itself on being the only museum in America that portrays the entire story of the American Civil War.

GRAND CANYON

- Q. While we still recommend the visit to either the **NORTH or SOUTH RIMS**, we want to make you aware of the **WEST GRAND CANYON** of the Hualapai Indian Nation. Here you will find the **SKYWALK BRIDGE** with its glass floor suspended 4,000 feet above the base of the Canyon.

NIAGARA FALLS

- R. With all of the confusion over required documentation, the "**AMERICAN side**" of **NIAGARA FALLS** has stepped up with a full menu of activities for groups to get the most out of their visit. In addition to the classic stops at the Cave of the Winds and the Maid of the Mist, groups can now hear muskets being fired at Old Ft. Niagara and be "locked up" the Niagara Escarpment on the Erie Canal.

OKLAHOMA CITY

- S. Long known as a quick stop on the way to somewhere else, **OKLAHOMA CITY** is becoming a major destination in its own right. With the **RIVERWALK DEVELOPMENT**, the higher profile embrace of its **COWBOY HERITAGE** and the incredibly moving **OKLAHOMA CITY MEMORIAL** people are spending more and more time in this unique American City.

Don't see what you're looking for? No problem – just tell us what you have in mind and we can create a custom Proposal just for your group. No one knows America better – or will take better care of your students – than DeBolt!
